

MIELKE
OIL COMPANY, INC

LITTLE FALLS, MN
SIOUX FALLS, SD
SPRINGFIELD, NE

COMPANY INTRODUCTION

OUR HISTORY:

Mielke Oil Company was founded in 1969 by Alvin and Lois Mielke as a local home heating fuels distributor serving the small town of Swanville, MN and the surrounding communities. Over the years, Mielke Oil provided the surrounding communities with the products needed to keep warm in the Winters and get the crops in the ground and harvested during the Spring, Summer, and Fall. Seeing an opportunity to expand, Mielke Oil began offering wholesale branded fuels to the regional gasoline retailers.

With many of the businesses' customers also offering automotive repair services, Mielke Oil also began offering automotive tires and lubricants to customers. In 1980, Mielke Oil started offering Conoco and Phillips 66 branded lubricants (expanding to more than 10 major brands by 2011) along with the fuel services to Mielke Oil already provided. In 1990 Doug and Mary Mielke became the second-generation owners of the business and began the push to become one of the largest lubricants and fuels distributors in the Midwest.

Mielke Oil Company was incorporated in 1992, giving the business the ability to grow faster and service customers even better. Over the next few years, Mielke Oil Company continued to grow and add additional products and services, including automotive filters, chemicals, wiper blades, light bulbs, gas cans, racing fuel, and other products. In 1999, Mielke Oil Company expanded and moved into its current facilities in Little Falls, MN with over 55,000 sq. ft. of warehouse space and more than 400,000 gallons of bulk lubricant storage.

In 2025 Justin and Amber Mielke became the third-generation owners of the business and continue to push to be one of the largest privately owned distributors in the Midwest. Today, Mielke Oil Company services more than 3,400 customers throughout the United States and Canada with quality products and best in class service.

OUR MISSION:

We strive to provide our customers with comprehensive solutions to their business needs, going beyond just products to deliver exceptional service, expertise, and reliability. Our commitment is to foster long-term partnerships by understanding our clients' challenges and delivering tailored solutions that drive success.

FACILITIES OVERVIEW

LITTLE FALLS, MN

Our Little Falls, MN facility currently services all of Minnesota, all of North Dakota, Eastern half of South Dakota, Northern Iowa, and Western Wisconsin with daily, weekly and bi-weekly service schedules. This location offers 55,000 square feet of warehouse with 400,000 gallons of indoor lubricant storage.

Our Little Falls, MN rail facility offers a rail spur with 15 car spots that is serviced weekly by BNSF. This facility also offers used oil filter processing and 833,000 gallons of used oil storage and distribution.

SIOUX FALLS, SD

Our Sioux Falls, SD facility offers 29,658 square feet of warehouse and roughly 33,000 gallons of bulk indoor lubricant storage. This facility service's customers in South Dakota, Iowa and Minnesota with daily, weekly and bi-weekly service schedules.

SPRINGFIELD, NE

Our Springfield, NE facility offers 58,000 square feet of warehouse with 150,000 gallons of indoor bulk lubricant storage. This facility service's customers in Nebraska, Iowa, Illinois, and Missouri with daily, weekly and bi-weekly service schedules.

All of our products are delivered by either a tractor-trailer or straight trucks that can carry both bulk and packaged lubricants in one trip. This eliminates the need for multiple deliveries, improving delivery efficiency for our customers.

Whatever your lubricant needs may be, Mielke Oil has a solution to help you further your business. We are a full-service bulk and packaged lubricants distributor providing service to automotive centers, lube-change shops, industrial, railroad, transportation and many more. With coverage throughout Minnesota, South Dakota, North Dakota, Nebraska, Iowa and Wisconsin; we have the ability to serve you wherever you are located
